The objective of NITIE library is to facilitate the creation of new knowledge through acquisition, organization and timely dissemination of knowledge resources and providing value-added services. The total collection of library is approximately 82,390 plus books as on 31.03.2019, which include reference books, bound volumes of Journals, Light reading books in English, Hindi & Marathi language and complimentary books.

Library subscribes 157 technical Journals. Out of which 44 are Online, 63 Print+Online and 50 are Print subscriptions. Apart from technical journals, it also subscribes 34 Light reading journals and magazines. Library also has a rich coverage of newspapers. From the year 2014 Library is involved in the subscription of Turnitin (Plagiarism) software. It has also started providing HBS, Emerald and IIMA cases service. With this library is facilitating the NITIE community with educational software like Grammarly- A writing assistance software, E-view-10 – data analysis software and many more are in plan to be subscribed in near future.

NITIE is a core member of E-Shodhsindhu consortium (an initiative of MHRD) since its inception along with all the IIT's, IIM's and NIT's. Through consortium, Library gets 11 online databases like (Proquest - ABI / Inform Complete, IEL, Oxford, Springer, ASME, ASCE, etc. with J-Gate Search portal.

Library provides above resources through wide network including Library catalog OPAC (Online Public Access Catalogue) 24 X 7 within the campus. Library uses the *LIBSYS.10* software package for library management. Library has Bar code technology with 3M security system.

From the year 2017 library also started the facility for the Remote Access.
