# Message From The Director

Over the last 57 years, NITIE has been a pioneer in delivering excellence in the field of Industrial Management and it has been the thought leader in Industrial Engineering education and research, and partner in the manufacturing renaissance of the Nation. The vision and mission of NITIE is dedicated to help Indian businesses to make their presence felt globally. NITIE has decided to act as a driving force not only in manufacturing sector but all dynamic sectors of the Indian economy. It has aligned its vision and activities in line with the current and future needs of the Indian economy.

We have the best in class labs for research and a conducive environment that promotes creativity which is what defines this institution. Technology and sustainability walk hand in hand. The students not only become world class professionals but also better human beings. With resilience becoming the new normal in today's world, industries are heavily relying on top notch Industrial Engineering techniques not just to improve productivity but also to generate best practices that would equip companies to deal with competition. Since its inception, NITIE has always been the forerunner in supporting many industries in solving their complex problems through industry outreach activity. The placement figures over the years are a live testimony to the trust that the Industry has on us.

True to words, in spite of all the uncertainties posed by COVID-19, NITIE has proven its commitment to the aspirations of its aspirants by being the first among the top B schools to release the results on time. NITIE also welcomes the Hon Prime Minister Shri Narendra Modi's idea of "Vocal for Local" in promoting the locals and supporting the capability of our people. NITIE known by its presence as "Mecca of Supply Chain" with a strong legacy, we extend our expertise to support our government to align with the vision of "Atmanirbhar Bharat" – Self reliant India to empower our Nation. .

Every year, young engineers with big dreams to scale great heights enter this prestigious institution and step out with flying colors into the corporate world as game changers. Packed with confidence and great ambitions, they bid farewell to NITIE carrying along with them some beautiful memories that they would cherish for a lifetime. We extend a warm welcome to all the aspiring students to come join us at our god's own campus and relish two years of enriching experience. .

# Message From The Chairman

It is a great privilege and an honour for me to serve as the Chairman of National Institute of Industrial Engineering, Mumbai. Over the years, NITIE has established itself as one of India's top management institute that attracts the best and brightest students from all across the country. The alumni of this reputed institution are sought after by leading companies from across the world.

The institute is committed towards creating a solid platform for nurturing innovation, creativity and excellence within our students. We strongly support interdisciplinary research and development for the benefit of Industry and Society.

We are in a new normal with the Covid-19 reality, which has accelerated the impact of our transition towards a digitized working environment. We know that intelligent choices made during these seemingly critical situations can shape our future for years to come. It helps individuals and institutions to transit from one milestone to another. In this new normal, industries would aspire for leaders who are more inclusive, resilient and agile to manage the resulting uncertainty, yet need emotionally strong managers who have proficient interpersonal skills to manage virtual teams.

We at NITIE help our students to gain new perspectives in an increasingly complex business environment. Our courses deliberate relevant real-world business challenges, and we keep on evolving it with world trends. We impart learning which provides immediate value and impact on the organizations. All of our management programmes are taught by renowned faculty members who are committed to delivering the curriculum effectively. Our programmes are regularly revised to enable students to meet transformational business challenges and expectations of the business world. NITIE has been a pioneer in developing world class techno-managers over the years.

The two years of life you would spend here will evolve your business acumen, discover your brilliance and stretch your potential. I extend my warm welcome to all the future aspirants to come join us and experience a wonderful career.

*Mr. Shashi Kiran Shetty*  
**Chairman , NITIE**

# Messages from the Deans

“ Our programme, Post Graduate Diploma in Sustainability Management (PGDSM) is considered highly prestigious in India and world over and have achieved significant milestones over the years. The PGDSM program of NITIE is in a league of its own as far as top-class management courses at Indian institutions are concerned. The program over the years have consistently delivered highly skilled and competent managers who are adept at handling both current and futuristic challenges thrown by the global economy. A highly adaptable curriculum dynamically tailored to changing industrial landscape forms the cornerstone of the PGDSM program. It is a sustainability-driven programme and focuses on a "People Planet and Profit" approach. The programme incorporates safety, social, economic, and environmental stewardship issues into the fabric of the programme. A distinguished faculty community coupled with a large alumni base spread across a variety of functional domains including logistic, and supply chain management, marketing, finance, consulting and the likes is a testimony of this fact. I welcome you all to be a part of this glorious legacy and be a torch bearer of the illustrious academic heritage of NITIE. ”

*Prof. Padmanav Acharya*  
**Dean Academics, NITIE**

“

Ever since its inception, NITIE has been an integral part of the knowledge led productivity movement, and has portrayed its ability to impart academic excellence to its diverse pool of students. This perennial pursuit for excellence is driven by a combined effort from both the faculty as well as our graduates. NITIE enjoys an alumni base of over 10000 graduates, spread across diverse geographies and domains, who not only provide valuable industry connections, but also aid in streamlining the curriculum as per industry requirements and gaps. The two-year PGDIM and PGDSM programs ensure holistic development of our students, and equip them with the skills required to lead and contribute in everchanging business environments.

”

# Messages from the Deans

“ We at NITIE are committed to meeting industry needs through our industry outreach programmes, consultancy services, and applied research activities. Our programmes offer our students an opportunity to apply the concepts, analyze and evaluate to provide value-driven solutions to the industry. The pedagogy comprises experiential learning through projects and internships blended with knowledge sharing sessions by industry stalwarts & renowned academicians. The approach at NITIE imbibes a culture of applied research and real-life problem solving which aids budding engineers on their journey towards becoming world-class techno-managers, capable of leading in dynamic business environments. Our focus is on taking the lead on Digitization, Industry 4.0, Artificial Intelligence, and Machine Learning which equip our students with state-of-the-art tools and techniques along with an understanding of global best practices. ”

*Prof. Vivekanand Khanapuri*

***Dean Sponsored Research and Industrial Consultancy, NITIE***

“ Our Alumni form crucial pillars that support NITIE through a multitude of academic and professional engagements, and aid in providing much needed industry exposure and insights. We at NITIE pride ourselves on our immensely strong industry connect, fostered by a closely knit yet diverse alumni circle, the members of which are at the helm of affairs in various industries and continue to steer their respective organisations towards triumph. NITIE strives to provide a platform for alumni-alumni and alumni- student interactions through periodic mentorship programs, alumni meets and recruitment drives, geared towards obtaining mutual benefit, renewing connections and the larger objective of ensuring holistic development of our graduates. With this, I welcome you to be a part of this 57 year long legacy of academic and professional excellence. ”

*Prof. Shirish Sangle*

## Programme Design

Curriculum design begins with input from faculty, recruiters, alumni and students. It's all delivered in a dynamic, high-energy learning environment that emphasizes the application of skills in complex real-world business situations. NITIE creates an atmosphere driven towards innovation under the guidance of recognized faculty which helps students to become effective leaders, who have the potential to transform organizations.

## Pedagogy

The programme is designed not only to impart the necessary knowledge and skills one will need to be successful in business but also to hone lateral thinking and develop an all-round personality.

To help develop the student's business acumen, a mix of analytical thinking and intuitive approach is used. This includes lectures, case studies, seminars, group discussions, roleplays, simulation exercises, business games and field visits.

## Post Graduate Diploma in Sustainability Management

### About the Programme

Sustainability is a business approach to creating long-term value by taking into consideration how a given business operates in the ecological, social, and economic environment. Similarly, managing workplace safety is an important goal that many corporations have recognized as logical and effective way to provide a better working environment for employees and to cut corporate costs. This program is one-of-its-kind in South Asia and since its inception in 2001 has attracted students who are passionate about environment and safety issues. It integrates areas of Operations, Supply chain Management and Business Strategy with aspects of Sustainability, Environmental Management, Safety management and Corporate Social Responsibility, and is updated regularly with inputs from the Alumni and the industry. The curriculum encompasses both managerial & technical perspectives and aims at developing managers who can address various safety and environmental problems effectively paving the way for cleaner and safer industrial practices.

### PGDSM Advantage

The program provides the students with the skills and knowledge necessary in the new business context of sustainable value creation

- First program in country to get IOSH (International Organization for Safety and Health) accreditation
- Approved as a Transitional Safety Practitioner (TSP) Qualified Equivalent Program (QEP) by the Board of Certified Safety Professionals (BCSP)
- Hands on experience of software like GaBi, SIMA Pro, SAFETI, PHAST etc.

*"Climate change is a harsh reality staring us in the face as it has started to have visible impact, and biodiversity losses have become observable. Businesses as well as society at large acknowledge the need to assume our responsibility for a sustainable management of the economy and the environment. It is also responsible for facilitating the functioning of various committees and forums, overseeing their selection process, introducing or modifying the rules to be followed by the batch and solving issues faced by them. Ethics committee facilitates and oversees many of the official batch-wide activities, ensuring that such undertakings are conducted in a timely and transparent manner.

## INTERNATIONAL RELATIONS COMMITTEE

International Relations Committee is the face of NITIE to the world outside India and is responsible for facilitating the exchange process for outgoing students and hospitality of the incoming students. It also works in tandem with the Student Exchange Offices of the various International Universities fostering new tie ups towards the branding & increasing the visibility of NITIE to the world.

## ITCC

IT Coordination Committee (ITCC) acts as an interface between the students and the Computer Centre and harmonizes the development and maintenance of IT infrastructure at NITIE. The committee coordinates between the students and the management for processing the issues related to IT infrastructure. Committee has aided the management in implementation of technologies such as Office 365 mailing solution, Lync for internal communication and implementation of Wi-Fi for student hostels and new academic building.

## MARKETING INTEREST GROUP

As a committee, the aim is to keep a tab on the ever changing dynamics in the realm of marketing and to channelize them towards the management students not just at NITIE but across all B-Schools in the country. Few of our efforts to fulfil these dreams include: MahaMandi: During this day-long hustle, students get a one of a kind opportunity of selling educational aids on the streets of Mumbai and Marksfeet, which is the Annual Marketing event we organise to bring together the industry stalwarts, academicians and students to facilitate the public exchange of ideas and opinions.

## MEDIA RELATIONS COMMITTEE

Every time you see NITIE in the news, rest assured that someone from Media Relations Committee (MRC) has been on it for the past fortnight. MRC tracks and serves as the point of contact for 100+ media houses across the print, television, radio, magazine and web media. Through all its endeavors, MRC gives NITIE visibility, building relationships with media houses and managing their requests. They arrange moderators for all business meets at NITIE and is also the point of contact for surveys conducted and for external accreditation committees.

## PLACEMENT COMMITTEE

The Placement Committee at NITIE is a student body working under the guidance of Dean SA and Prof. Incharge, Placements for carrying out all placements related activities. PlaceCom is a team of highly motivated students, who work towards achieving the goal of obtaining the desired placement offers for the students in terms of both profiles and organizations to work with. In addition, it plays an instrumental role in developing and sustaining a symbiotic long term relationship with the industry. Everything required for placements – right from slotting companies and arranging the necessary infrastructure to conducting this highly taxing and nerve-racking exercise – is done by the committee with close guidance from Dean SA and Prof. Incharge, Placements.

**The students of an Institute are a true testimony to its attributes. Let's have a look at what the students of NITIE have to say about their experience and life so far at NITIE.**

*Life at NITIE has been amazing, made a lot of lifelong friends and unforgettable memories which I will forever cherish. NITIE has given me all the skills that a techno-managerial aspirant would require to succeed in their professional life. Also, the access to such a serene location gives NITIE students further motivation and peace of mind to do well in all their endeavours they take part in. By joining NITIE I am a part of a long legacy of MBA graduates spread across different business functions and in multitude of industries.*

**- Souvik Guha, Batch of 2021**

*Life at NITIE is a blend of happiness, enjoyment, a greater sense of responsibility, hard work, and flourishing management skills. I joined NITIE because it's the only institute in South East Asia that offers a unique course in Industrial Sustainability Management. NITIE provides you with an environment to brainstorm with the best engineering graduates pan India and provides you with a platform to interact with the topmost global leaders in the domain of Supply Chain, Operations, and Sustainability.*

**- Sayali Madhukar Wathore, Batch of 2021**

*NITIE has played a great role in contributing to my holistic development. The Mecca of Supply Chain as it is called, ensures that the students are well equipped across different domains as well. The curriculum here has aided me in sticking to my core domain while supplementing it with managerial skills. The exposure which one gets in NITIE is one of its kind. All in all, a wonderful B-School to settle, thrive and nurture oneself and be well equipped for all the challenges in store.*

**- Vishaal Iyer, Batch of 2021**

*My journey at NITIE has been enriched with a diverse experience of an amalgamation of academics and intellectual events. The serene environment during the busy financial capital of India inspired my abilities and brought forth my potential. NITIE's extensive alumni base and industry connect enhanced my knowledge of the corporate world. It has moulded me in the best possible manner and enabled accelerated growth to my career.*

**- Mischell Samson William, Batch of 2021**

*My purpose of doing an MBA was to make some great connections and acquire some managerial skills in the 2 years. NITIE gave me an all-round personality development to shape my prospectus career at my will. The academic course design, faculties, vast network of over 10000+ Alumni, lifelong connections, and lush green campus, is something which would be my biggest takeaway. When I Chose NITIE, it was not about making that 1 selection, but it was about taking that 1 right decision, which I am proud of.*

## RESEARCH

We strongly believe that future orientation of an Institute will be based on education and research towards strengthening the knowledge base, development of businesses and industry, sustainable development of the region, supporting communities for their economic development, and integration into the global economy.

NITIE offers a crafted program catering to the industrial needs which are a perfect blend of theoretical and practical knowledge combined with research initiatives, to equip the budding managers for transforming themselves into future leaders capable of steering business organizations. To cater to this, we have several centers, created to support and augment domain specific research among members of faculty and entrepreneurship among students.

NITIE publishes quarterly journal "Udyog Pragati: The Journal of Practicing Managers", which deals with new developments in Industrial Engineering has exchange relationship with publication of many Business schools in India and is widely used by researchers and professionals in the field of industrial engineering and management.

## CONSULTANCY

Consultancy assignments are undertaken by NITIE through faculty members as individuals/teams on a selective basis to meet goals, on self-supporting basis. We provide service to industry by sharing the expertise and competence of experienced NITIE members to diagnose and solve industrial problems objectively in selected areas of industrial engineering and management. These consultancy projects undertaken by NITIE, help diagnose and objectively solve various industrial problems in selected areas of Industrial Management. To add on NITIE encourages an open and participative approach and conducts a joint study with the company executives and employees throughout the consultancy project by providing our expertise in the form of a multidisciplinary team with a very diverse background and experience which eventually helps us to provide the best possible recommendation as a result of the study.

## TRAINING

Today, NITIE offers post graduate diplomas in various fields of management and industrial engineering, doctoral fellowship programs and also trains over 2000 professionals through its various week-long Management Development Programs (MDPs) and the Unit Based Programs (UBPs) in different areas of industrial engineering and management. NITIE offers short term Management Development Programs (MDPs) for the benefit of middle and senior level executives to update their skills. The Management Development Programme assists some of the best practicing managers in radically changing their perspective about business. It is one of the several ways through which the industry benefits from faculty's rich experience.

In addition to MDPs, NITIE undertakes Unit Based Programs (UBPs). Unit Based Programmes are based on the philosophy that every business is unique with its specific needs and requirements. UBPs are customized learning experiences for satisfying these special needs.
