of Pittsburgh, USA

About Programme

The International Ph.D. & New Faculty Colloquium is a transformative platform for emerging faculty and doctoral candidates in engineering and management. This dynamic event provides unique opportunities to learn from industry and academic leaders, receiving meticulous feedback on research and career aspirations. Facilitating connections across the U.S., Europe, the Middle East, and Asia, the colloquium serves as an intellectual crucible, advancing academic pursuits through profound discussions on research challenges and methodologies.

Application Process

The colloquium welcomes submissions from Research scholars and new faculty members from all areas of engineering and management.
