CHAIRMAN'S MESSAGE

Welcome to the Quarterly Digital Newsletter of IIM Mumbai! On behalf of the Board of Governors, it gives me great pleasure to note our latest updates and successes to our readership. With this readership enhanced by our incoming batch whom I had the pleasure of addressing during Abhisankaran, the two-week induction program that was a marked success, we also send our best wishes to the outgoing batch as they reach for the stars.

We have embraced diversity in all its forms with our summits as well as in our landmark student demographics this year, and this is a sentiment that shall be echoed across our students, faculty and alumni alike, bringing perspective into all our activities.

We have a lineup of exciting programs and courses that are sure to fan the flames of this Institute's glory as it crafts its own pathways through the industry.

With our latest successes as ingredients seasoned by our legacy and new ventures alike, I hope this will be the perfect recipe for quarterly perusal of the Digital Mirror.

SHASHI KIRAN SHETTY
CHAIRMAN

DIRECTOR'S MESSAGE

It is that time of the year when we fondly bid adieu to one batch and welcome a fresh cohort of zealous faces. Exactly one year ago, our senior batch of students were the last to join the erstwhile National Institute of Industrial Engineering, and we can proudly say that the Indian Institute of Management's red carpet has been eagerly unfurled for our dear newcomers.

In the sparkling Abhisankaran, our two-week induction program, we saw a record high percentage of female students in the junior batch, highlighting our dedication towards diversity. With the P&G Equality Summit and a scintillating lineup of events including our World Environment Day celebrations and our tribute to Dr. B.R. Ambedkar, we reaffirm God's own campus as a socially conscious haven.

An illustrious addition to the aforementioned campus is a personality whom we are honored to host. Dr. Mahesh Y. Reddy, Chairman of the Infrastructure and Logistics Federation of India has joined the institute as Visiting Professor of Executive Education.

It gives me immense pleasure to announce a whole host of new programs inviting the best minds in our country. Our one year executive program on Logistics and Operational Excellence through Digitization, offered in association with IIM Sambalpur has commenced at the Center of Management Education at NALCO Angul, Odisha. Our global certification courses continue to shine with their eminent instructors and keen students. We are excited to roll out incredible new offerings this year.

MANOJ K TIWARI
DIRECTOR

We have added even more key partnerships to our roster, enhancing our industry and academic outreach. An MOU with Motilal Oswal to foster financial research, a strategic partnership with HPCL, and the establishment of a rural development center with Samst Mahajan Trust and GIDR are some of the new feathers in our cap.

Our faculty and students continue to amaze us with their research and wins. The senior batch is back on campus, enriched with their internship experiences. As we welcome them and their fresh juniors, we also bid adieu to the batch of 2024, who have ventured forth to make their marks in the industry.

A university as rich as the picture we've painted has no dearth of tales to narrate, and I hope you will find as much pleasure in reading these pages as we did writing them.

The efforts of the admission team were acknowledged for their sustained commitment to creating equal opportunities in the admission process. Congratulations were extended to the students who made it to IIM Mumbai.

ICMAI SEMINAR CELEBRATES INTERNATIONAL MANAGEMENT ACCOUNT DAY

The Institute of Cost Accounting of India (ICMAI) organized a seminar on May 6, 2024, in Mumbai to commemorate International Management Account Day. The theme, "Navigating the New Frontier: Management Accounting in the Era of Real-time Insights, Sustainable Growth, and Cybersecurity," highlighted key challenges such as data volume, velocity, security, regulatory compliance, integration, and cybersecurity threats in today's real-time operational landscape.

Hon'ble Governor of Maharashtra, Shri Ramesh Bais, graced the event as Chief Guest, with Prof. Manoj Tiwari, Director of IIM

Mumbai, as Guest of Honour. Prof. Tiwari advocated for digitalization and automation as essential tools to manage real-time transactions and meet evolving corporate and public demands, aligning with India's future tech-driven manpower needs as envisioned in Viksit Bharat @ 2047.

The seminar underscored ICMAI's role in combating fraud, managing risks, and adapting to technological advancements. The discussions concluded with the quote: "Reliable work brings happiness. It should be established even in challenging times."

IIM MUMBAI CELEBRATES 10TH INTERNATIONAL DAY OF YOGA WITH GRAND EVENT

The Indian Institute of Management Mumbai celebrated the 10th International Day of Yoga on 21st June 2024 at Swami Vivekananda Hall basement, in coordination with the Yoga Day / Fit India Committee, following instructions from the Ministry of Education and the Ministry of Ayush, Government of India. To promote Yoga, information and links provided by the Ministry were uploaded on the institute's website. Gratitude is extended to Prof. Manoj Tiwari, Director of IIM Mumbai, for his valuable guidance and support in conducting the programme.

IIM Mumbai grandly organized the Yoga Day event. The program commenced with a welcome address by Prof. Utpal Chattopadhyay, Chairperson of the International Day of Yoga. Prof. Rauf Iqbal, Dean of Student Affairs, highlighted the importance of Yoga in daily life. Lt. Cdr. (Mrs.) Nisha Singh, Chief Administrative Officer, IIM Mumbai, deliberated on the Yoga Workshop. She emphasized that Yoga is a mind and body practice that can build strength and flexibility, and help manage pain and reduce stress. Faculty members, officers, staff, PGP, and PhD students participated in performing Yoga.

The session enthralled the participants with the fundamentals of Yoga, connecting body and mind through proper breathing and aspects of Ashtanga yoga. Participants performed yoga exercises as per the prescribed Common Yoga Protocol. Dr. Apurva Raje and Mrs. Usha Agarwal, Yoga Trainers from Kaivalyadhama, Mumbai, delivered a motivational address and conducted the session to demonstrate and facilitate the common yoga protocol for the participants.

In addition to the main session, the Institute Library organized a book display on yoga. On this occasion, Prof. Utpal Chattopadhyay, Prof. Rauf Iqbal, Lt. Cdr. (Mrs.) Nisha Singh, Prof. Dr. Vidyadhar Gedam, Prof. MS Mahapatra, Prof. Veepan Kumar, and Shri Ramotar Kumawat were honored with Tulsi plants. The program concluded with a vote of thanks by Md. Aftab Alam, Assistant Administrative Officer Grade 1 (Hindi).

IIM MUMBAI SIGNS MOU WITH MOTILAL OSWAL FINANCIAL SERVICES TO FOSTER FINANCIAL RESEARCH AND INNOVATION

IIM Mumbai has carved a significant niche for itself in the landscape of management education in India. Consistently ranked among the top B-schools in the country, its 7th position in the NIRF rankings for 2023 speaks volumes about its academic prowess and industry relevance. Situated in the financial hub of India, IIM Mumbai enjoys unparalleled proximity to corporate giants, facilitating robust industry-academia collaborations.

On June 10th, 2024, IIM Mumbai signed a Memorandum of Understanding (MoU) with Motilal Oswal Financial Services Ltd. (MOFSL) to foster financial research in the country, incorporate a Big Data & Analytics hub in the institute premises, and provide space for creating a live environment for the display of stock market positions and other details. This initiative is set to be a unique USP of the institute.

The MoU was signed by IIM Mumbai Director Manoj Tiwari and MOFSL Managing Director & CEO Motilal Oswal, in the presence of the Deans and Professors of IIM Mumbai and Senior Management of Motilal Oswal.

Motilal Oswal Financial Services Ltd. (MOFSL) is a well-diversified financial services firm offering a range of financial products and services, including Private Wealth, Retail Broking and Distribution, Institutional Broking, Asset Management, Investment Banking, Private Equity, Commodity Broking, Currency Broking, and Home Finance.

This partnership marks a significant step towards enhancing financial research and education in India, leveraging the strengths of both institutions to provide cutting-edge resources and insights for students and professionals alike.

IIM MUMBAI AND HPCL FORGE STRATEGIC KNOWLEDGE PARTNERSHIP TO FOSTER CONTINUOUS LEARNING AND DEVELOPMENT

The Indian Institute of Management Mumbai proudly welcomed Hindustan Petroleum Corp Limited (HPCL) to its campus to formalize a strategic knowledge partnership. This landmark agreement, solidified through a signed Memorandum of Understanding (MoU), signifies a commitment to fostering continuous learning and development.

The signing ceremony was led by Prof. Manoj Tiwari, Director of IIM Mumbai, and Ms. Sapana Srikanth, Chief General Manager - Capability Building at HPCL. The event was graced by the presence of Nikhil Verma, General Manager - Capability Building at HPCL, Prasad Pawar, Chief Manager - Capability Building at HPCL, and esteemed IIM Mumbai faculty members, including Prof. Hema Date, Prof. Priyanka Verma, Prof. Mainak Mazumdar, and Prof. Amit Kumar Das.

This collaboration with HPCL, a leading player in the energy sector, is a significant step towards building a robust knowledge ecosystem. By combining industry expertise with academic excellence, the partnership aims to drive innovation, foster growth, and empower the workforce with cutting-edge knowledge and skills.

"We are confident that this synergistic partnership will pave the way for a brighter future for both organizations and the nation as we collectively strive towards a more skilled and empowered India," said Prof. Manoj Tiwari.

This strategic knowledge partnership underscores IIM Mumbai's dedication to contributing to the nation's development by enhancing the capabilities of its workforce through continuous learning and development initiatives.

IIM MUMBAI EXPLORES ESTABLISHMENT OF RURAL DEVELOPMENT CENTER WITH SAMAST MAHAJAN TRUST AND GIDR

The Indian Institute of Management Mumbai organized a meeting on 3rd June 2024 in the Director's Conference Room with Dr. Girish Shah, Founder Member of Samast Mahajan Trust and Member of the Animal Welfare Board of India. The meeting was assisted by Dr. Nisha Pandey, Director of the Gujarat Institute of Development Research (GIDR), Ahmedabad.

The primary objective of the meeting was to explore the possibilities of establishing a center titled "Indigenous Wisdom, Modern Tools: Pioneering Rural Development for a Self-Reliant Nation." This center aims to empower rural India by integrating traditional practices, modern strategies, and emerging technologies in a holistic approach to rural development. It will tentatively address critical areas such as grassland development, river rejuvenation, cow shed creation, rural trade promotion, community development, stakeholder engagement, and technology intervention.

Various aspects, possibilities, financial viability, and functional aspects of the proposal were discussed. Prof. Manoj Tiwari, Director of IIM Mumbai, expressed his full support for this noble endeavor, and all the members expressed their willingness to begin this initiative at the earliest. The meeting was coordinated by Prof. Shankar Murthy, Dean Academics, and attended by Prof. Neeraj Pandey, Prof. Sumi Jha, Prof. Vivek Khanzode, and Prof. Hema Date.

The background of the page is a blurred photograph of a tropical landscape. It features several tall palm trees in the foreground and middle ground, with a body of water visible in the distance. The overall scene is bright and sunny, with a soft, out-of-focus quality.

PANORAMA: A SUSTAINABILITY PHOTOGRAPHY CONTEST

PANORAMA - A SUSTAINABILITY PHOTOGRAPHY CONTEST

Through Your Lens:

The story of the SDG in a way that inspires action.

SDG 5 : Gender Equality

In a rural setting near Delhi Farms, Ritu epitomizes gender roles, toiling in the fields and nurturing her siblings' education, yet denied the same opportunity herself. This glaring inequality underscores the imperative for equal access to education, empowering girls like Ritu to realize their full potential.

SDG 16 : Peace, Justice and Strong Institution

In the heart of the Jallikattu arena, tradition clashes with controversy, as the spectacle unfolds amidst cheers and concerns, urging a delicate balance between cultural heritage and ethical considerations.

SDG 14 : Life Below Water.

In a coastal village, Elias, the seasoned fisherman, finds solace and sustenance in the timeless dance between man and sea, his weathered hands weaving tales of resilience and reverence for the boundless ocean.

The Sustainability & You (SAY) Committee, in collaboration with the Photography Club of IIM Mumbai, organized PANORAMA: A Sustainability Photography Contest. This competition aimed to capture the essence of the Sustainable Development Goals (SDGs) through the creative lens of our talented participants.

The winners of the contest were: First Place: Debraj Roy (Prize Amount: 7000 INR), Second Place: Dhaval Raj Shah (Prize Amount: 5000 INR), Third Place: Nitheesh (Prize Amount: 3000 INR)

The competition was designed to inspire action and raise global awareness about the SDGs through visual storytelling. The winning photographs effectively highlighted the importance of sustainability and the urgent need for global action.

The poster features the logos of IIM Mumbai, Sustainability & You, PAFMO, and Glenmark. It announces the winners of the PANORAMA Sustainability Photography Contest. The winners are:

- 5000 INR:** RAJ SHAH, V.V.P. ENGINEERING COLLEGE, GUJARAT
- 7000 INR:** DEBRAJ ROY, JAGANNATH INTERNATIONAL MANAGEMENT SCHOOL (JIMS), DELHI
- 3000 INR:** NITHEESH, NATIONAL INSTITUTE OF TECHNOLOGY (NIT), PUDUCHERRY

The poster concludes with the text "Congratulations" and "CATCH US AT UNSTOP.COM".

The event was conducted under the guidance of the SAY Committee's Professor In-charge, Prof. Anju Singh. The competition successfully fostered creativity, ignited change, and contributed to the drive towards a greener future.

CELEBRATING SUCCESS AT THE PHARMA SUMMIT AND CASE STUDY CHALLENGE

We are thrilled to announce the outstanding performance of our PGDEX VLFM teams at the Pharma Summit and Case Study Challenge - Boundless Possibilities hosted by MSD India Pharmaceuticals. Among stiff competition from leading institutions nationwide, two teams emerged victorious.

"The Math Magicians" team members Ayush Choudhary, Diwakar Bhatt, and Bhanu Prakash Sahu, along with "Chain Visionaries" Hariharaprasath Chinnusamy C and DIVYA DEO PANDEY from IIM Mumbai showcased their exceptional talent and expertise.

We extend our heartfelt congratulations to these remarkable students and express gratitude to Prof. Manoj Tiwari and Prof. Ranjani K.S. for their invaluable support.

PGDEX VLFM BATCH EXPLORES SOUTH KOREA'S MANUFACTURING EXCELLENCE

The sixth batch of PGDEX VLFM recently embarked on an International Trek to South Korea, immersing themselves in the dynamic manufacturing and technological industries. Visits to Hyundai Motor Company, Kia Motors, and Samsung Electronics showcased South Korea's commitment to precision and innovation.

The cohort also attended the Electronics Manufacturing Korea exhibition, gaining insights into cutting-edge manufacturing technologies. A highlight was meeting Mr. Mrinmoy Chakraborty, an esteemed IIM Mumbai alumnus and CEO of SOLiD Inspire, whose journey inspired the students.

Returning to IIM Mumbai, the batch is energized to apply their learnings and make an impact in the business world. They express gratitude to Prof. Manoj Tiwari, Prof. Shankar Murthy, Prof. Ranjani K.S., Prof. Maheswar Singha Mahapatra, Prof. Sushmita Narayana, Prof. Sudarsan Ghosh, Prof. PV Rao, and student coordinators Ayush Choudhary and Sumit Walunj for their support and guidance.

FACULTY FOCUS

INDIAN INSTITUTE OF MANAGEMENT MUMBAI HAS CONDUCTED 3 FOCUSSED STUDIES OVER THE PAST THREE YEARS

The Indian Institute of Management Mumbai is delighted to share the findings from three focused studies conducted over the past three years. These studies explore the factors influencing women's choices and successes in entrepreneurship through in-depth semi-structured interviews with over 60 women entrepreneurs. The research highlights the pivotal role of “mothers and motherhood” in shaping women's entrepreneurial career decisions.

Study 1 was Published in: Career Development International (2023): This study examines how upbringing during childhood and experiences of motherhood serve as spiritual experiences that lead to the development of self-efficacy, career intentionality, and psychological resources. These factors collectively contribute to women's entrepreneurial career decisions.

Study 2 was accepted for Presentation: Academy of Management Conference, 2024 (Chicago)

This study explores how women entrepreneurs in urban cities cope with unexpected life and career events. Spirituality emerged as a strong coping mechanism to manage challenges such as health scares, motherhood, and the COVID-19 pandemic. Women entrepreneurs credit their psycho-spiritual growth to their mothers' resilience, caring upbringing, and patience in challenging situations.

Study 3 is an ongoing Project: Funded by Indian Council of Social Science Research (ICSSR, 2023) in Meghalaya

T

This study investigates how in matrilineal cultures, mothers and grandmothers play a critical role in developing unique Vyavasaya Buddhi (business intellect). This intellect enables women to identify and capitalize on opportunities despite significant geographical and socio-economic challenges. The research reveals that qualities such as discipline, truthfulness (satyam), self-regulation (saiyyam), compassion, self-efficacy, empathy, and altruism (daan) for community welfare are inspired by their mothers. These mothers provided emotional support and inspired their daughters to pursue entrepreneurial ventures.

These studies reflect the influence of rich Indian spiritual traditions, particularly the revered role of mothers and motherhood. The findings suggest that women draw inspiration from their mothers, developing qualities that help them navigate entrepreneurial challenges despite ecosystem limitations. The research indicates that these entrepreneurial qualities stem from Indian cultural values, where women are revered as embodiments of Shakti or Goddess Durga. This cultural foundation equips women to overcome unique business challenges, indicating a promising future for women's entrepreneurship in India.

IIM MUMBAI FACULTY AND SCHOLARS CO-AUTHOR STUDY ON GENDER AND ENTREPRENEURSHIP PUBLISHED BY HARVARD BUSINESS SCHOOL

The Indian Institute of Management Mumbai is delighted to share that IIM Mumbai Faculty, Prof. Upasna A. Agarwal, and PhD scholar Vrinda Khattar, along with SPJIMR Prof. Rajiv Agarwal and IIM Bangalore Prof. Gopal Pr. Mahapatra, have co-authored the study “Devita Saraf and Vu from the Top” published by Harvard Business School Publishing Education.

In this teaching case, Prof. Upasna A. Agarwal, Vrinda Khattar, Prof. Rajiv Agarwal, and Prof. Gopal Pr. Mahapatra offer an intriguing insight into the role of gender in starting and scaling entrepreneurial ventures. The case describes how Devita builds entrepreneurial competencies and enhances her personal brand. Her unflappable entrepreneurial spirit and keen business sense helped her scale her innovative premium TV business. She gleans spiritual learnings from her childhood to build her entrepreneurial spirit and embodies Shakti, the feminine power, to navigate tech venture scaling.

IIM Mumbai congratulates Prof UPASNA A AGARWAL and Prof Vijaya Dixit on this outstanding achievement and looks forward to the valuable insights that their research will bring to the forefront. This accomplishment further underscores the institution's commitment to fostering cutting-edge research that addresses contemporary challenges and contributes to knowledge dissemination and societal impact.

IIM MUMBAI IN PRINTS

In IIM Mumbai first batch, 47.1% female students, more than double from past yrs

PALLAVI SMART
MUMBAI, JUNE 25

AS THE Indian Institute of Management (IIM) Mumbai, formerly National Institute of Industrial Engineering (NITIE), welcomed its first batch earlier this month, female students have more than doubled compared to last year or the years before that. This year, the proportion of female students has jumped to 47.1 per cent against 21 per cent last year. Out of 518 students who took admission

IIM Mumbai, which was formerly NITIE.

this year, the number of female students stand at 245, marking a significant milestone in the in-

stitute's history, mostly dominated by male students until now.

Last year, when it was still NITIE, out of 497 students who took admission, only 108 were female, accounting for 21 per cent of the entire batch.

According to the institute, apart from several initiatives taken to encourage gender diversity on the campus, changed eligibility criteria for admissions — allowing non-engineers to apply — has been a significant contributor to this jump in ratio of female students.

Till last year when the institute was recognised as NITIE, only engineers were allowed to pursue MBA at the institute. This year (after its status changed to IIM Mumbai), the institute has

• In IIM Mumbai first batch, 47.1% female students, more than double from past yrs

seen nearly 30 per cent non-engineers take admission. Out of the 518 students admitted this year, 152 are non-engineers. And among the non-engineers, almost 74 per cent or 112 are female while only 40 are male. Even as students from engineering background continue to dominate admissions, with 29.3 per cent of non-engineers taking admission this year, the institute believes this may be the beginning of a new trend.

Prof Rauf Iqbal, Dean of Student Affairs at IIM Mumbai, said, "This year the institute has received participation of students, both men and women, from across multiple disciplines and this has been instrumental in opening opportunities to students, particularly women from diverse fields to apply."

As NITIE, the institute offered three courses: all post-

graduate diplomas and all requiring students to have engineering degrees. These were Postgraduate Diplomas in Industrial Engineering, Industrial Management and Sustainability Management.

After gaining the status of IIM in August last year, the institute from this academic year is offering MBA degrees instead and admission is not restricted to only engineers. These courses are — MBA (General), MBA in Sustainability and Management, and MBA in Operations and Supply Chain Management.

The admissions are through the Common Admission Test (CAT), which determines admission to all IIMs and other reputed B-Schools in the country.

According to data shared by the institute, with 177 women out of a total 315 students, MBA (General) has the biggest share

of female students on the campus. While MBA in Operations and Supply Chain Management has 55 female students out of a total of 173 admissions; MBA in Sustainability Management has 13 women out of a total of 31 students.

According to IIM Mumbai, it was a result of their series of strategic initiatives under its "Diversity Attraction Strategy" aimed at encouraging more women to apply. These include targeted outreach programmes, scholarship opportunities patronised by industry, and mentorship schemes to support female applicants.

As the number of girls on the campus has increased, the institute has prepared adequate space to accommodate them comfortably. Institute Director Prof Manoj Tiwari said, "While a new hostel is in the making, currently there is one

hostel for girls apart from two floors in a boys hostel dedicated to girls. Earlier, PhD Scholars and defence professionals would stay in the building which is now entirely made available to girls."

As the institute is now catering to students from all disciplines with an increased number of girls, for the first time, it conducted a two-week long orientation.

"This included participation not only from professors at IIM Mumbai but also faculty members of other IIMs and foreign scholars. The idea was to have a good confidence-building exercise along with helping the new students coming from various backgrounds to be ready for the course as well as prepare for the summer internships programmes and other opportunities they will be getting in a few months span," said

Prof Tiwari.

Prof Iqbal said, "For decades, gender disparity has been a persistent issue in higher education, particularly in the fields of business and management. The recent admissions at IIM Mumbai, therefore, represent a pivotal moment, reflecting broader societal changes and the concerted efforts of the institute to foster an inclusive environment."

According to an Indian Express report (March 2024), which threw light on increasing gender diversity at IIMs, especially those from the earlier generation: IIM Kozhikode was the only IIM having a 50:50 ratio of male and female students in the year 2022. In the same year, IIM Indore had 33 per cent female students whereas IIM Ahmedabad, Bangalore and Calcutta had less than 30 per cent female students.
